

# HATI Cookie Notice

---

*Template notice for cookies and similar technologies used on HATI websites and applications.*

**Make this match your actual consent tool.** Before publication, align cookie categories, names, durations, and opt-in / opt-out behavior with the consent banner or preference center actually deployed on the website or application.

## 1. What this Notice covers

This Cookie Notice explains how Blokketen Solutions Inc. and HATI use cookies, local storage, pixels, SDKs, and similar technologies on websites, login pages, dashboards, and digital communications.

## 2. Types of technologies we may use

- strictly necessary technologies used for login, security, fraud prevention, load balancing, and core site operation;
- preference technologies used to remember language, region, interface settings, or consent choices;
- analytics technologies used to understand traffic, performance, engagement, and product usage patterns;
- support and communication technologies used to facilitate chat, forms, ticketing, or service notifications; and
- marketing technologies, if enabled, used to measure campaign performance and business lead activity.

## 3. How to manage choices

You may be able to manage non-essential cookies through the banner, preference center, browser settings, or device controls, depending on how the relevant site or application is configured.

Blocking some cookies may affect functionality, logins, saved preferences, or product performance.

## 4. Sample cookie table

Replace the table below with the actual cookies or similar technologies used by the final site.

Category	Example name	Duration	Purpose
Strictly necessary	[session_cookie]	Session	Authentication and security
Preferences	[lang_pref]	6 months	Remember language or UI choices
Analytics	[analytics_id]	13 months	Usage measurement and performance
Support	[chat_widget]	30 days	Support interactions and continuity

## 5. Contact and updates

Insert the correct privacy contact details here. Update this Notice whenever cookie categories, vendors, durations, or consent behavior materially change.
